Town of Chapel Hill
 Central West Focus Area
STREET CONNECTIVITY
DRAFT

- - - - Impact Area
- - - - Evaluation for Transportation & Connections
- - - - Evaluation for Form & Use
- Primary Roads
- Secondary Roads
- Tertiary/Residential Roads
- - - - Major Proposed Roads
- - - - Minor Proposed Roads

MAP HIGHLIGHTS:

- Primary roads within the area of evaluation for transportation and connections include Martin Luther King Jr. Boulevard, Estes Drive, and Homestead Road.
- Secondary roads in the area of evaluation for transportation and connections include Piney Mountain Road, Caswell Road, Seawell School Road and Umstead Drive.
- The area of evaluation for form and use currently contains no secondary, tertiary or residential roads, other than a portion of Somerset Drive.
- The planning area is characterized a low degree of street connectivity overall, particularly in the area east of Martin Luther King Jr. Boulevard.
- Many residential and tertiary roads, especially those east of Martin Luther King Jr. Boulevard, terminate in cul-de-sacs. This street network pattern reduces the number of potential alternative routes and forces local traffic onto primary roads.

SIDEWALKS, BIKE ROUTES, & GREENWAYS

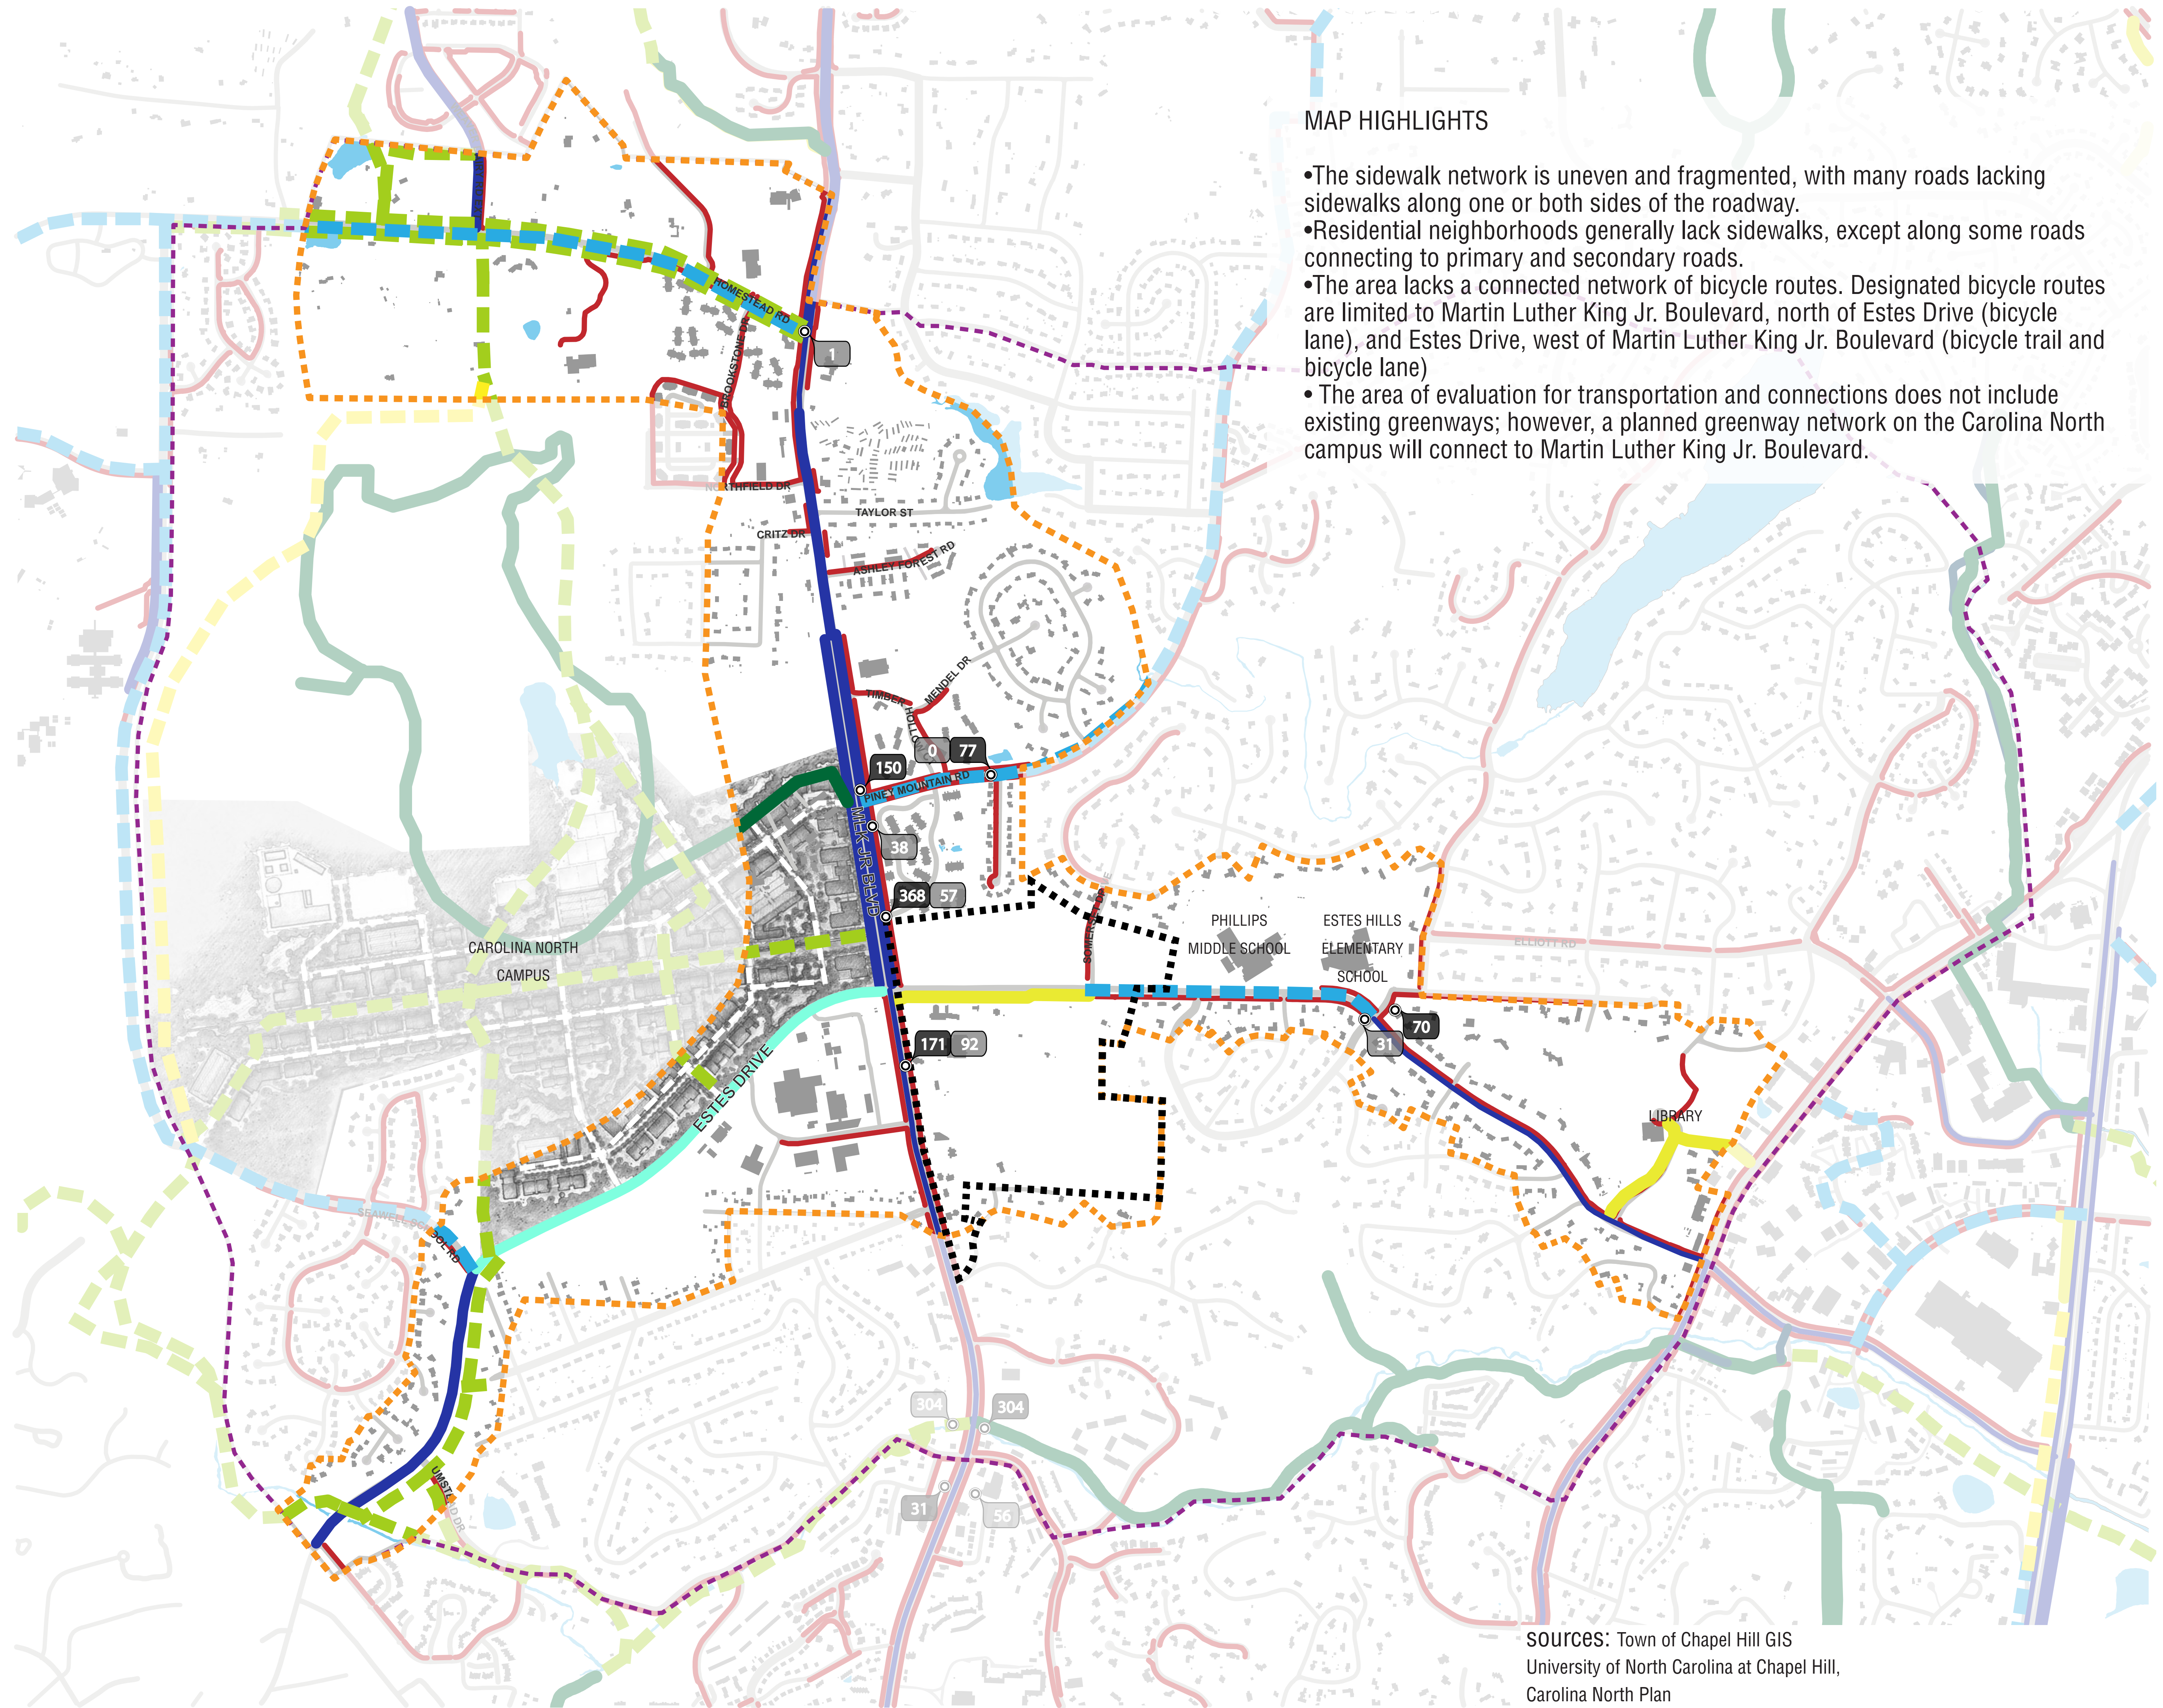

DRAFT

- - - - Impact Area

- - - - Evaluation for Form & Use
- Sidewalks
- Multi-Use Path
- - - - Proposed Multi-Use Path
- Bike Lane
- - - - Bike Path
- Bike Path (Carolina North)
- Wide Outside Lane
- Wide Shoulder
- - - - Future Facility
- New Proposal
- Existing Greenway
- Existing Pumpkin Loop Trail
- Proposed Greenway

MAP HIGHLIGHTS

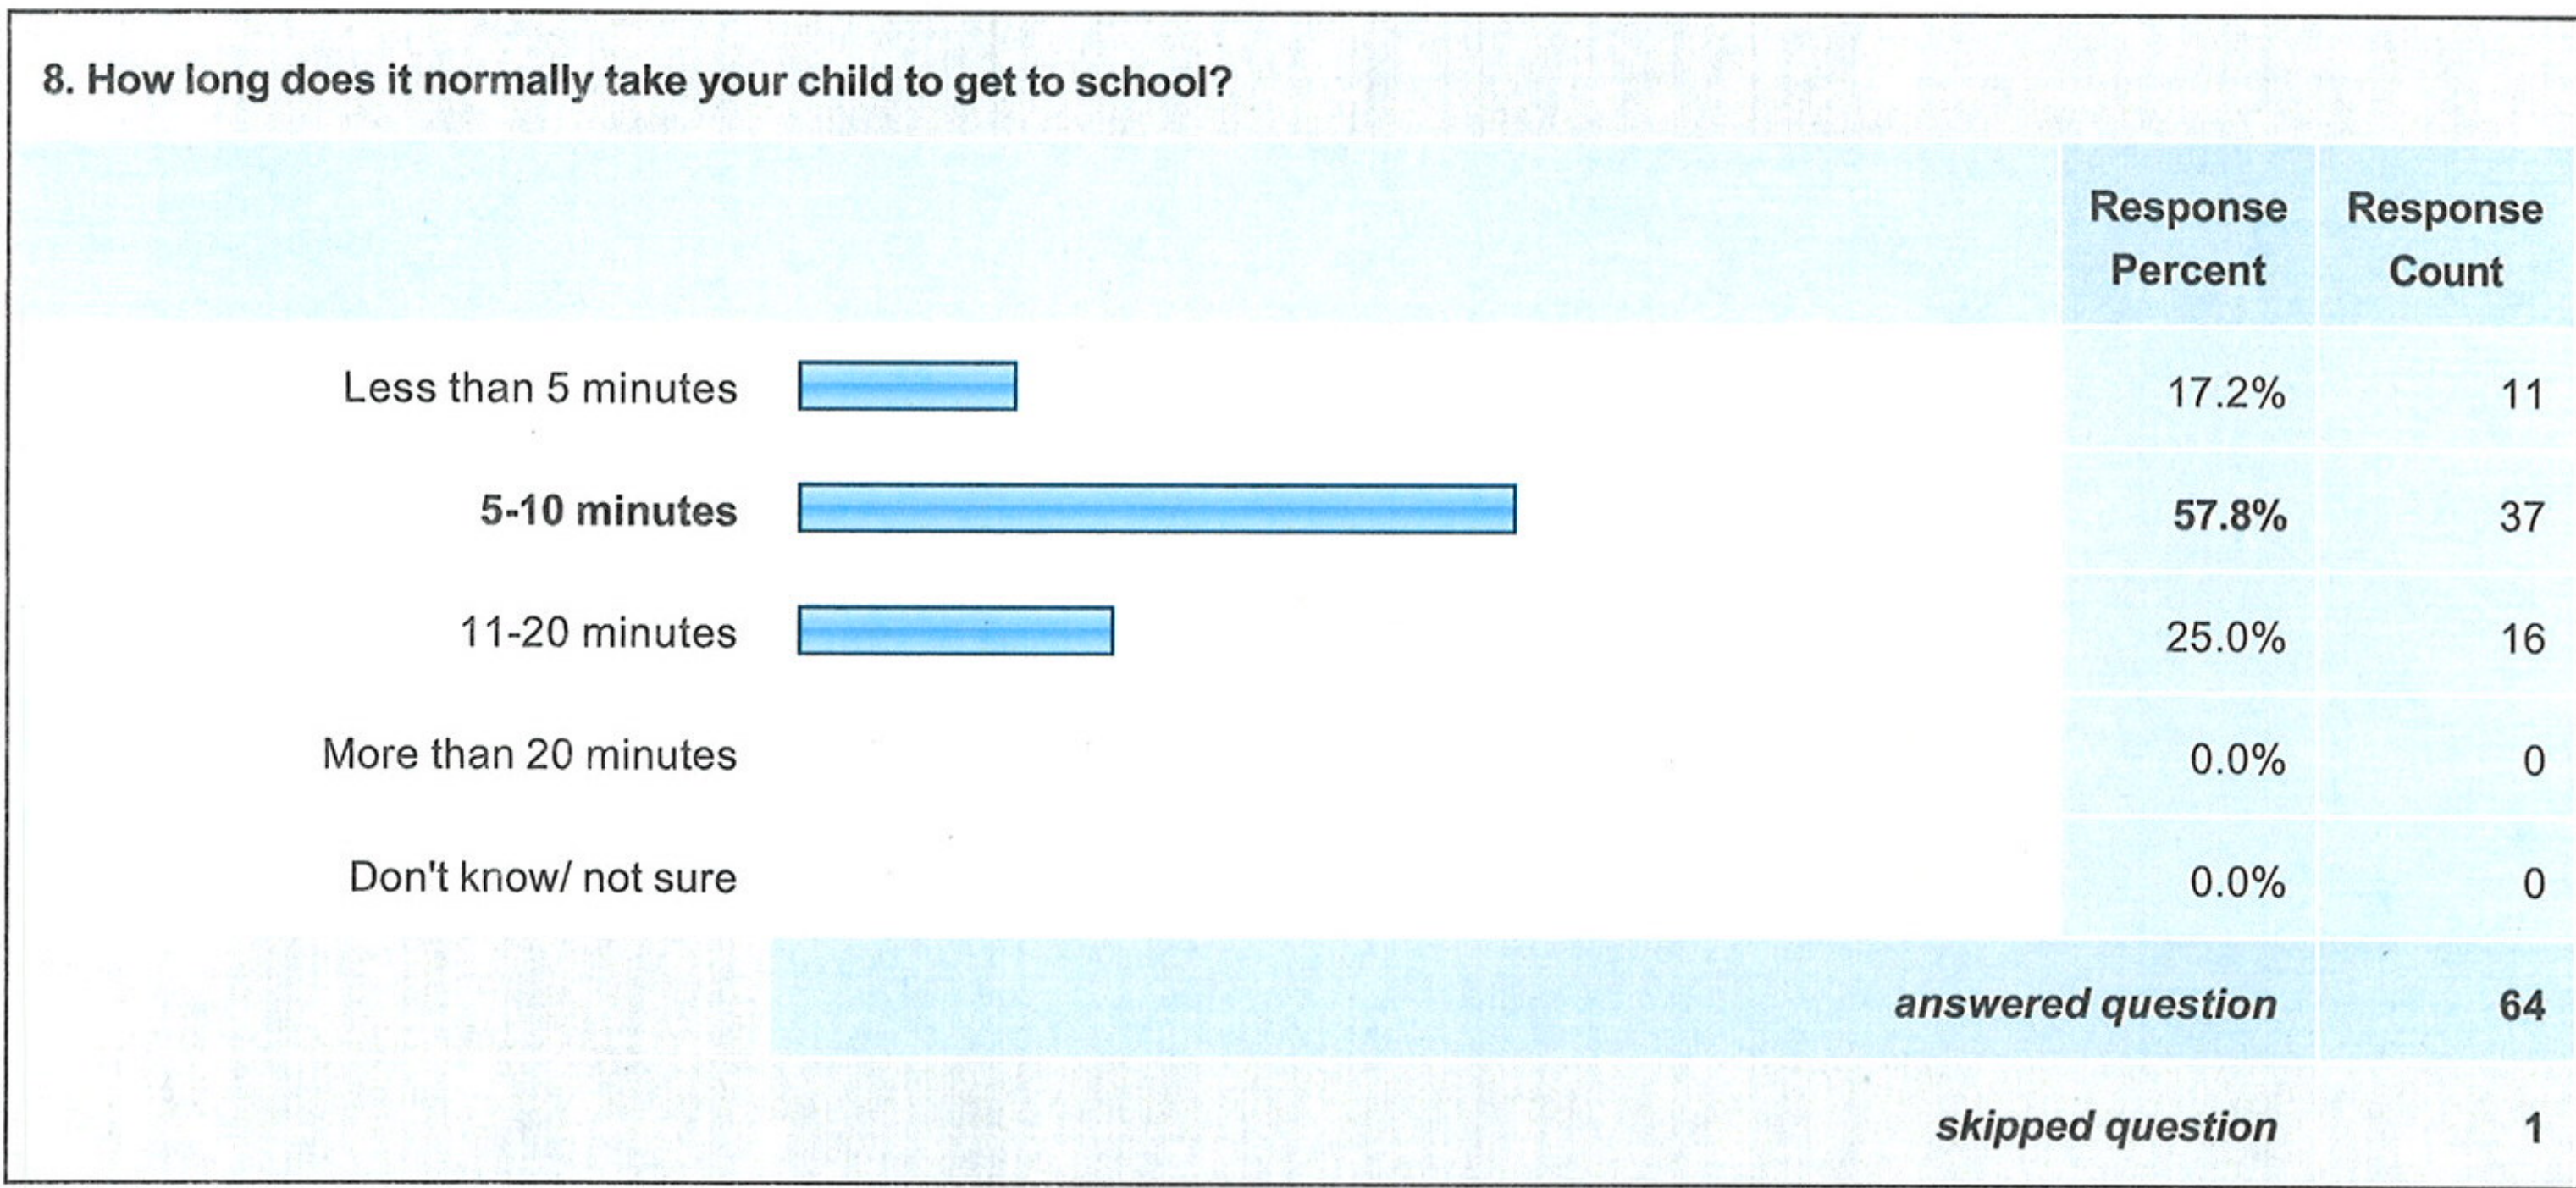

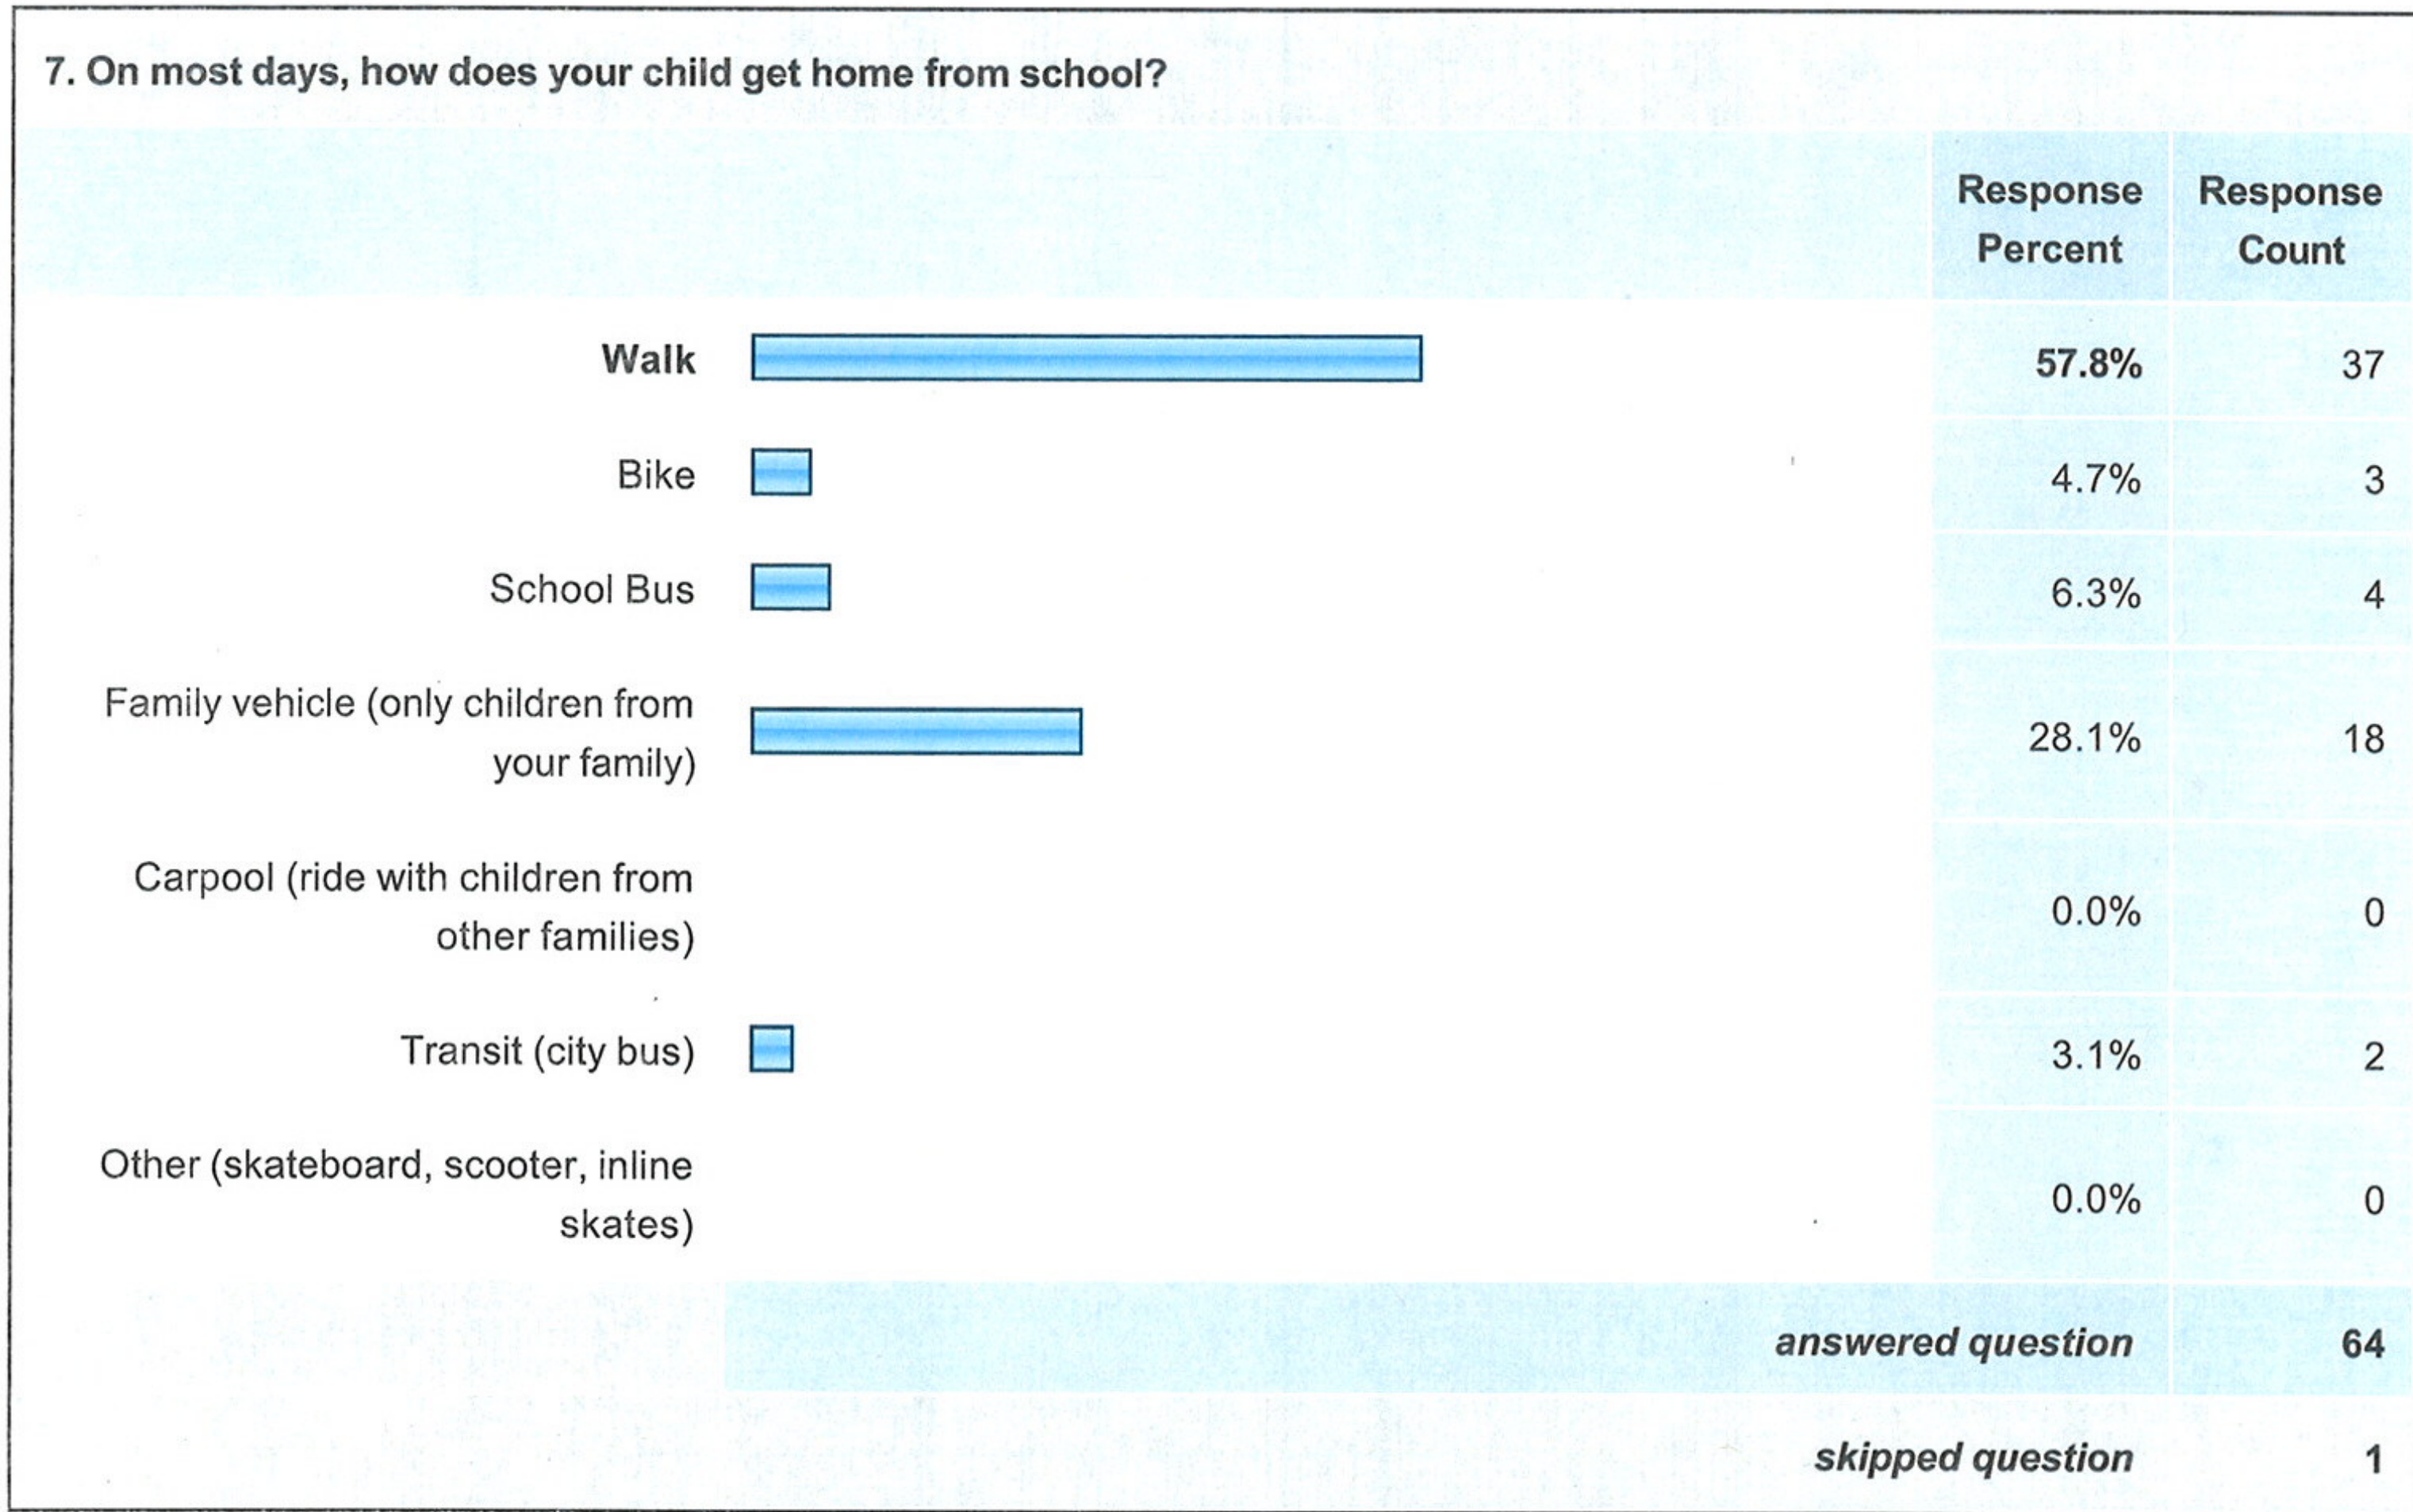

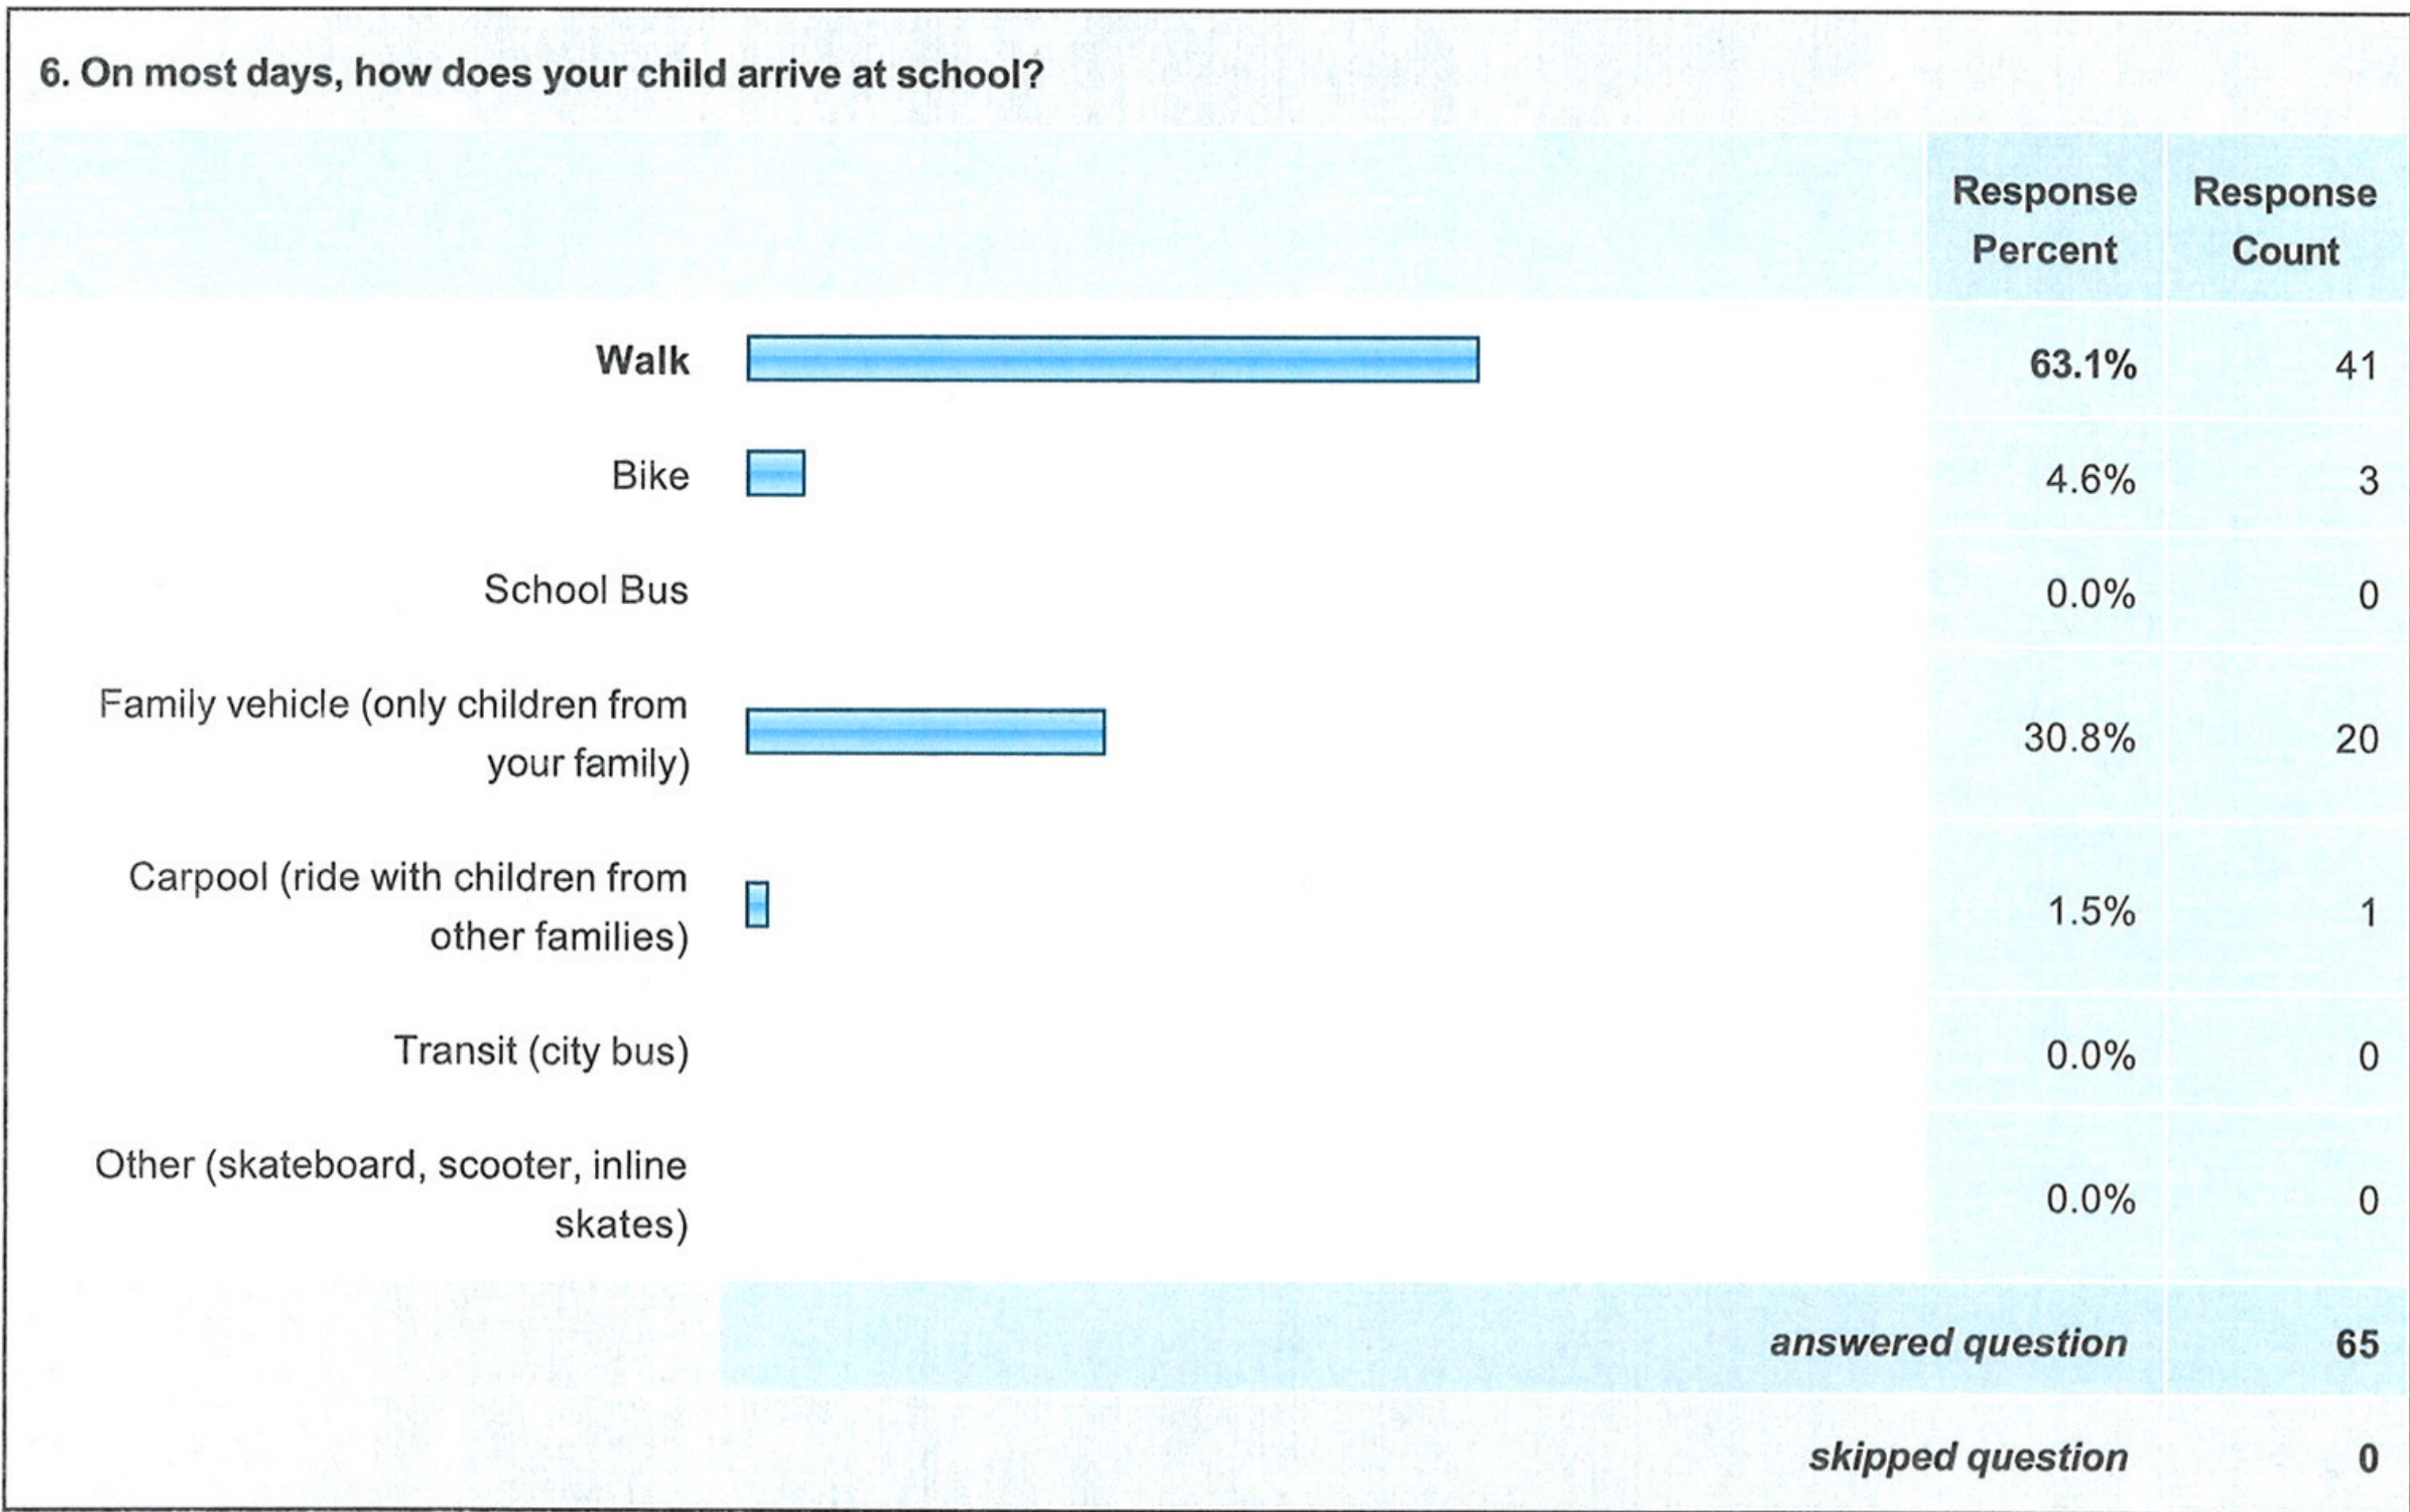

- The sidewalk network is uneven and fragmented, with many roads lacking sidewalks along one or both sides of the roadway.
- Residential neighborhoods generally lack sidewalks, except along some roads connecting to primary and secondary roads.
- The area lacks a connected network of bicycle routes. Designated bicycle routes are limited to Martin Luther King Jr. Boulevard, north of Estes Drive (bicycle lane), and Estes Drive, west of Martin Luther King Jr. Boulevard (bicycle trail and bicycle lane)
- The area of evaluation for transportation and connections does not include existing greenways; however, a planned greenway network on the Carolina North campus will connect to Martin Luther King Jr. Boulevard.
