Central West Focus Area Steering Committee

Interim Report to the Town Council

June 24, 2013

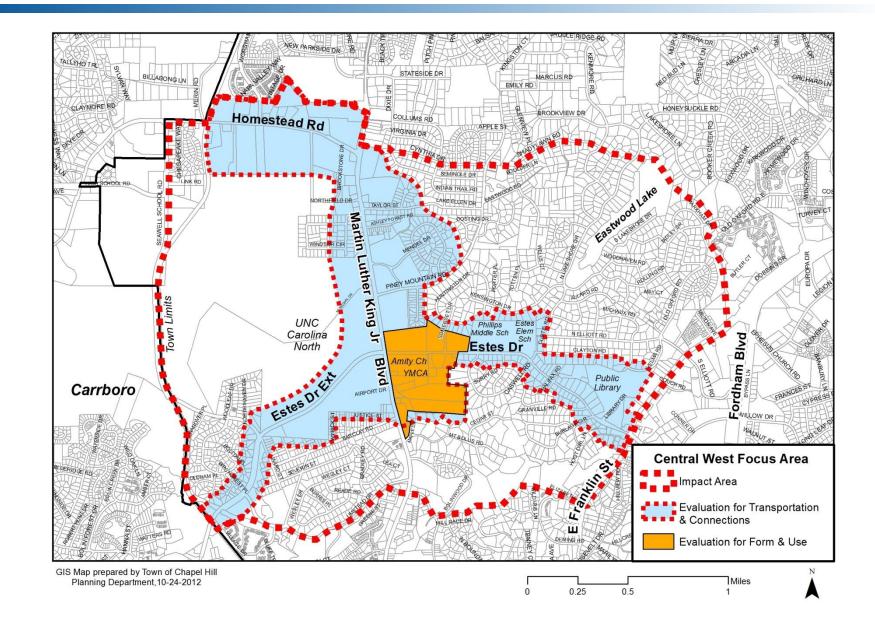

CWFA: Designed by the Community

 Process and structure adopted by the Council was the result of a communitydriven effort

- Steering Committee charge:
 - Create and deliver a small area plan for Council consideration; create a schedule for the process and milestones for reporting to the community; and gather the necessary data/expertise for making informed decisions
 - Maintain the integrity of the planning process and ensure that the process is open and participatory; receive and integrate community feedback; facilitate communication with the community

CWFA Planning and Impact Areas

17 Member Steering Committee Represents the Community

# of Seats	Constituency	Members
7*	Residents of planning/impact areas	Eric Hyman, Julie McClintock, Sarah McIntee, Firoz Mistry, Mickey Jo Sorrell, David Tuttle, Buffie Webber
1	Renter from planning/impact area	Abby Parcell
4	Business/institution/land- owners from area	Anthony Carey, Lucy Carol Davis, Bruce Murray, Whit Rummel
1	Planning Board	Amy Ryan
1	CHCCS liaison	Mia Burroughs
1	Transportation Board	Michael Parker
1	UNC liaison	Jeff Kidd
1	Bike-Ped or Greenways Commission member	Jared Simmons

^{*}Originally, a position was open to a public housing resident from the area, but no applications from that constituency were received. Council instead appointed an area resident to fill the slot.

The Three Process Milestones

Milestone 1

Organizing, Assessing Existing Conditions, Formulating Draft Planning Principles

- •10 steering committee meetings
- •Saturday community workshop at University Mall: existing conditions and visioning
- •Drop-in community session at CHPL to present draft principles and receive comment
- •Complete 4/9/13

Milestone 2

Refining Principles, Developing Specific Objectives, Exploring Planning Ideas

- 6 steering committee meetings
- •Saturday community workshop at CHPL: planning concepts and draft objectives
- •Report on work to date to Council
- •Complete 6/24/13

Milestone 3

Developing and Testing the Final Small Area Plan

- To be completed with Final Plan and report to Council
- on 11/25/13

Overview of the Committee's Work Plan

Design of the **Process**

Existing Conditions / **Data Review**

Planning Principles and **Objectives**

Preliminary Planning Concepts

Analysis of Concepts, Issues, and Trade-offs

Concept Refinement and Selection Plan **Development** and

- Key tasks and work steps
- Decisionmaking process
- Definition of milestones
- Committee meeting schedule
- Community workshop schedule

- **Current zoning**
- **Current uses**
- **Demographics**
- **Environmental** conditions
- Transit and transportation
- Schools
- First community workshop
- **Definition of** key challenges and opportunities

- Key areas to be addressed
- Initial development of principles
- Second community workshop
- **Principles** revision and initial objective development
- Initial planning concepts for land use, density, and

connectivity

- Second iteration of concepts
- Third community workshop
- Third iteration of concepts
- Interim principles and objectives

- Additional iterations of concepts
- **Definition of** kev issues/areas of analysis
- **Analyses** performed by staff & consultants
- Review of analyses
- Definition / documentation of trade-offs
- Initial selection of trade-offs

- First draft of final concept
- Review/refine ment by committee
- Community presentations and feedback
- Planning Board review
- Selected **Advisory Board** presentations

- **Presentation**
- Final plan development based on feedback from community, Planning Board. and others
- Plan presentation to Council
- Final revisions, as needed

Extensive Outreach Yielded Significant Community Input

Three Community Events

- March 2 Workshop: University Mall
 - Community likes and dislikes about area
 - Opinions about its future
 - 65 attendees
- April 25 Drop-in Event : Chapel Hill Public Library
 - Community views of initial planning principles
 - Suggested planning objectives
 - 75 attendees
- May 18 Workshop: Chapel Hill Public Library
 - Community views on Principles and Objectives
 - Comments/feedback on preliminary planning concepts
 - 80 attendees

Additional Avenues for Community Input

- Area walking tour, March 1
- CW questionnaire, March 8, 300 responses
- Consultant meetings with landowners, March 27
- Planning concept display and survey at University Mall farmers market, May 18
- Public comment period at the beginning and end of 16 steering committee meetings
- All materials posted on CW web page; CW blog on Design 2020 website

Committee Plans to Broaden Outreach

- Community Events
 - Two Locally Grown events in June and August
 - Young Professionals Network meeting in July
 - Focus meeting with high school students in July; "In My Backyard" class in August
 - Meeting with UNC graduate students in August
- Information gathering booths
 - YMCA
 - Chapel Hill Public Library
- Reaching out to school principals to share information

The 12 CW Planning Principles

- Create a strong sense of place
- Ensure community compatibility
- Create social connections
- Improve physical connections
- Minimize vehicular traffic impacts
- Enhance pedestrian/bicycle experience
- Improve the transit system
- Encourage a diverse mix of uses
- Encourage a diverse population
- Respect existing neighborhoods
- Employ environmentally sound practices
- Feature, repair, and enhance natural resources

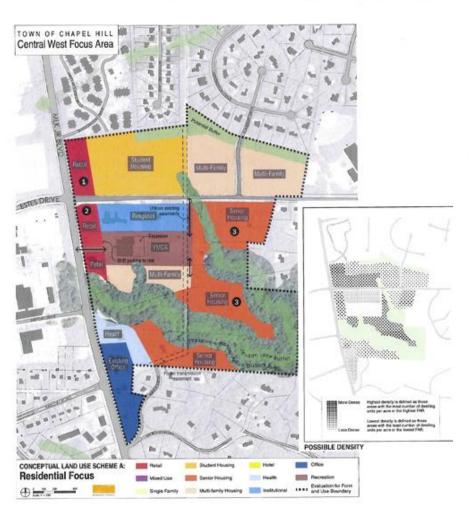

CW Planning Principles Embody Six Key Themes

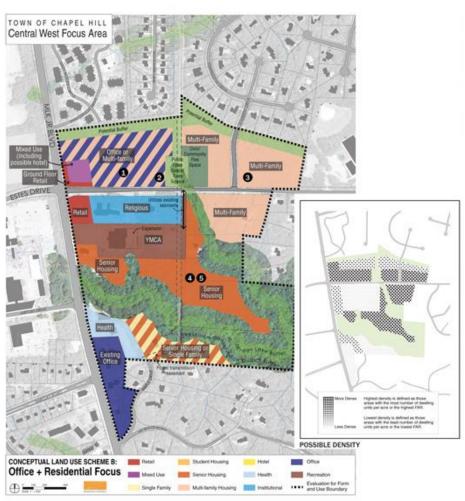

- Respect existing neighborhoods; scale down height near singlefamily areas, make sure adjacent uses are compatible and/or are sufficiently buffered
- Improve pedestrian and bicycle safety, circulation, and connectivity
- Create walkable destinations, including neighborhood public spaces — "town square" — and retail to help reduce car use, foster biking and walking, and improve social connections
- Recognize concerns about traffic flow and safety on Estes; plan
 to mitigate adverse impacts on traffic from new development
- Foster diversity of uses and users
- Maintain the green, tree-filled character of the area

Committee Has Explored a Broad Array of Planning Ideas

- Concepts explore differences in:
 - Land use
 - Density
 - Intensity
 - Building heights
 - Circulation/connectivity for pedestrians, bicycles, and vehicles
- General support for:
 - Retail/mixed use on MLK north of Estes
 - Greatest heights/densities closer to MLK, decreasing near schools and existing residential neighborhoods
 - Safety and other improvements to Estes Dr. and MLK
 - Commercial on/near MLK south of Estes
 - Opportunity for senior housing in the SE portion of the area

Bike and Ped Improvement Ideas

EAST-WEST BICYCLE + PEDESTRIAN TRAIL

Steps to the Final Plan

- Continue to develop and refine planning concepts
 - Land uses and density
 - Traffic and circulation
- Assess/analyze key issue areas, such as
 - Traffic/transit/safety
 - Environment
 - Economic impacts
 - Consistency with 2020 goals and CW principles
 - Impact on schools
- Draft recommended small area plan
 - Present to broad cross-section of community
 - Present to Planning Board and other advisory boards
 - Obtain feedback and make revisions
- Finalize principles and objectives
- Finalize plan and present to Council 11.25.13
