Council Advisory Boards and Commissions

The Council encourages you to visit a meeting of the group that you are interested in serving on.

Please indicate your preferences along with category, if applicable.

First Preferred Position	[Select an answer]
Category, if applicable	
Second Preferred Position	[Select an answer]
Category, if applicable	

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I am interested in continuing to serve the town of Chapel Hill and its citizens as a member of the Planning Commission.

GOAL: Continual improvement throughout Chapel Hill, including financial, connectivity, housing, economic development, green space and parks, among others.

The Planning Commission should take advantage of staff and citizen input in order to generate actions that help to move the goals of the town's 2020 plan forward, and make recommendations to the Town Council that will assist in their decision making process.

BACKGROUND: Finance & Accounting (MBA & CPA)

VOLUNTEER: Schools, Sports, SECU Family House, Town & County Boards

BELIEVE IN: Recreation, Cultural Arts, Community Support, Strong Business Community, Helping Others, Variety of Opinions and Compromise

TOWN ACTIVITIES & USE OF RESOURCES:

I am a regular patron on Chapel Hill transit and of the library, and I frequently use the greenways for recreation, transportation and commerce.

I regularly promote the town and downtown to others.

My town & gown activities include visits to Memorial Hall and Playmakers performances and other UNC campus events, combined with stops at local businesses on and around Franklin Street.

Parking is only a problem of perception, it is very accessible (not that I do the driving).

Central West Small Area Plan: Chaired the Planning Board recommendations with amendments to the Town Council.

Ephesus/Fordham Redevelopment: Chaired the Planning Board recommendations with amendments and suggestions to the Town Council, adding to the overall stimulus driving towards a "best result" for Chapel Hill redevelopment plan.

ADVISORY BOARD EXPERIENCE:

CH Parks & Recreation Commission - 2 Terms & 2 years as Chair

CH Planning Board - 2 Years & 1 year as Chair

Regular Attendee at the Friends of Downtown Chapel Hill meetings

Continue to support parks and recreation in Chapel Hill and Orange County

through the Friends of Chapel Hill Parks, Recreation, & Greenways and the

Orange County Parks & Recreation Council.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

It would be my honor to serve on the Environmental Stewardship Advisory Board for the Town of Chapel Hill in the interest of strengthening environmentally responsible practices of Chapel Hill government, residents, and businesses. In selecting a career in environmental consulting, I have dedicated myself to working towards improving our understanding of our impact on the environment and working to minimize that impact in a way that is consistent with economic realities. I am interested in joining the Environmental Stewardship Advisory Board not only to improve environmental responsibility and sustainability in Chapel Hill, but also to be involved in developing and nurturing the process of working with a group of people to develop common awareness and goals. I have spent many of the past 26 years working with local universities and businesses interested in protecting our environment. After receiving a degree in Environmental Studies at Oberlin College, I assisted Duke University and NC State University faculty in conducting ozone and acid rain research to better understand their effect on tree growth. I spent 5 years with Radian International working with our local Federal Environmental Protection Agency (EPA) office to manage and reduce emissions of toxic pollutants from various industries, and to assist industry to comply with State storm water regulations. These past 5 years, I have been employed by Eastern Research Group to work with the EPA to manage U.S. emissions of greenhouse gases. In addition to my professional work, I have 10 years of experience on Boards (Triangle Wind Ensemble, Chapel Hill Philharmonia, and Friends of West Point Park), including chairing various committees and serving as Board Treasurer, Secretary, Vice President, President, and Senior Advisor. I appreciate your consideration of my application to serve on this Board.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

Last fall (2013) I served on the Obey Creek Compass Committee. A largely successful endeavor, I found myself curious about the other redevelopment opportunities in Chapel Hill. Projects should not exist in a vacuum and understanding the interaction and complementary roles of large and small projects is essential to real estate development. As a real estate professional with a focus on multifamily and manufactured housing, I have spent 16 years stabilizing and operating affordable, market rate, and workforce housing across the US.

I am particularly interested in finding the right balance of mix, not just of income levels but also family size, to ensure that singles, couples, families (such as my own), and retirees can find a variety of housing solutions. Understanding how market forces support housing and can create or enhance the livability of an area is an essential part of guiding development. As Chapel Hill revamps its advisory structure and embraces the challenge of maintaining its position in a fast growing market, I am excited to contribute my perspective and ideas.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Second Preferred Position	[Select an answer]	
Category, if applicable	Chapel Hill Resident	

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I am applying today to serve on the newly restructured Planning Commission because I see that our town is at a crossroads, and the development decisions that we make over the next few years will have a great impact on how Chapel Hill grows and prepares for its future.

I specifically wish to serve on the Planning Commission for several reasons. As one of our town's younger residents, I believe I represent a demographic of Chapel Hill that has historically been left out of community dialogue and conversation about planning and development. Particularly as Chapel Hill is poised to move in a new development direction aimed at long-term planning, I believe having younger voices at the table is a necessity to shape our community in a way that equips us to adapt to a new future with residents who hold different development and transportation preferences than older generations.

Furthermore, I am applying because of my experience as a member of the Obey Creek Compass Committee. As a member of this committee, I gained knowledge and experience with the Town's development processes, as well as experience in serving as a representative of the entire Chapel Hill community as a resident-at-large member of that committee.

I am especially concerned about the long-term affordability of Chapel Hill as a place for people of all incomes and backgrounds to live. I believe the Planning Commission as restructured will play a vital role in the discussion of affordable housing as our Town considers new developments and zoning proposals. I hope to be able to positively contribute to finding effective solutions to make Chapel Hill a welcoming community for all as a member of this Commission, and believe that the way in which our town develops is the most important policy consideration in tackling this issue.

Thank you for your consideration.

I have also indicated on my application my willingness to serve on the Transportation and Connectivity Advisory Board if not the Planning Commission. I have indicated this preference for many of the same reasons above, but also because I am daily user of Chapel Hill Transit and Triangle Transit, as well as a bicycle commuter around town. I recognize the importance of transportation alternatives and connectivity among our Town's neighborhoods as integral to the future of Chapel Hill, and would be honored to serve on this Board as well.

Thank you again for your consideration.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Category, if applicable	

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

Chapel Hill has been my home since 1977, and I started my architecture firm in 1983 on Franklin Street. I have always combined design, building and development and have created a number of projects, both residential and commercial, throughout the Town. At this point in my career, I am interested in contributing my experience and knowledge to the future of our community, and I believe that the Planning Commission would be the best fit for my involvement. The Community Design Commission might also be a good fit.

I bring extensive experience in many aspects of design, planning, building and real estate development. My firm prepared the Design Guidelines for Downtown Carrboro in the early 1990's, and this project won an award from the APA for Small Community Planning. I have participated in Urban Design Assistance Teams with the AIA in Wake Forest and Launenburg, and I led the UDAT effort in Southport. All of these projects involved significant community involvement through charettes, research and meetings, and they culminated in the production of final plans in written and graphic formats for future consideration and use by the communities' governing boards. Most recently I served on the Steering Committee for the Central West Focus Area. This experience allowed me to become very familiar with the current planning issues which are important in the Town's future development, and I believe that our final report will be very useful to the Town as it considers the evolution of this and other focus areas throughout the Town.

Please visit my website lcdaarchitecture.com to learn about my work and design ideas over the past years. My resume is also available on the site.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I am interested in joining the Transportation & Connectivity Advisory Board or the Planning Commission because I would like to help make Chapel Hill a safe, convenient, and inviting place to get around by active or "alternative" transportation, including walking, bicycling, and public transit. When I first when I first moved to NC from Madison, WI in 2012, I was disappointed by the relative lack of safe, accessible active transportation and transit options. Last year I lived in Durham and participated in several Bike & Pedestrian Commission there, and was delighted to learn about the community of people seeking bold and progressive changes in the region's transportation infrastructure. Likewise in Chapel Hill, I have attended several Bike & Ped Advisory Board meetings to provide input, and am interested in getting involved on a more regular basis in order to have a lasting impact here. My wife and I are daily pedestrians and I am a daily bicycle commuter. I utilize Chapel Hill Transit and Triangle Transit on a regular basis, but my wife and I also own a car that we use regularly in town. I am a fully multi-modal transportation participant, and I would like to help make the system work better.

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I have previously served on the Town's Million Solar Roofs committee and the Sustainability Committee. As a Professor of Physics (Emeritus) from Wagner College and an active consultant in Energy Efficiency and Solar Energy, I have significant knowledge and experience in building energy systems, renewable energy, and environmental conservation. With accelerating climate change occurring, it is important for a progressive community like Chapel Hill to insure that ongoing development proceeds in ways which achieve energy and environmental sustainability in order to mitigate future costs and to maintain good quality of life for all of our residents. I feel that I will be able to make a significant contribution on sustainability issues to the Planning Board.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

I have been interested in planning issues since I moved here. As a candidate for Town Council I have learned a lot about recent development proposals, plan 2020 and the new system for Boards. I have lots of experience with environmental and transportation issues and could be a champion for either. I am a parent, cyclist, pedestrian, user of public transport, environmentalist, returned Peace Corps Volunteer and educator. My second choice was Greenways because I enjoy using them and have ideas on how to improve them. I would be willing to serve on other boards as needed.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Member

- Research urban planning trends to present to the group
- Organize events to attend as a group
- Bring in speakers related to the urban planning field

Urban3

December 2013-Current

Volunteer

- Read research reports and summarize them into blog posts
- Evaluate GIS parcels for trends

EMPLOYMENT

Fitzgerald's Irish Pub Chapel Hill, NC
April 2013-October 2013

Cook

- Prepped food for service
- Cooked food
- Coordinated with the kitchen to prepare finished dishes

Cafe Shenkin Sydney, Australia
January 2013-March 2013

Part-time Barista

Axiom Environmental Inc. Raleigh, NC
June 2012-August 2012

Intern

Why I wish to be on the planning committee:

One of the greatest challenges I believe planners face is planning for the future instead of the present or the past. Last semester I attended a Ted Talk given by Mitchell Silver, former Raleigh City Planner, on this exact issue. He emphasized the generational effect of what people want to see in a city or town. To properly plan we need to understand the preferences and practices of the upcoming generations. For example if the popularity of driving is declining in younger generations how can we adjust? The answers to this and many other issues will be provided through intergenerational debate and collaboration. I want to serve on the Planning commission to help with this task by offering a voice for my generation.

Having a background in planning allows me to see aspects of this town that others may miss. I have now spent three years as a UNC student living in Chapel Hill and have seen areas that could be improved and areas that are working well. One great aspect of Chapel Hill are the large sidewalks of Franklin Street that use trees to create a barrier between the pedestrian and cars providing a friendly walking environment. One area I believe could be improved is developing more affordable and denser housing for students closer to Franklin Street. I would like to serve on the Planning Board to help preserve the southern historic feel of the town but also consider newer urban planning trends that are improving cities across our nation and the world. Overall I would like to graduate from UNC having made it and Chapel Hill a better place then it was when I arrived.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

DDI Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

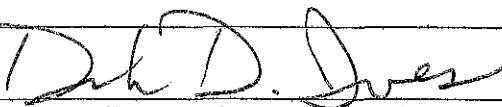

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I have lived with my family in Chapel Hill for almost 6 years after living in Washington, DC., Pittsburgh, PA, New York City, Charlotte, NC and London, UK. I feel I have a good perspective on what other metropolitan areas (large and small) have been able to do with regard to planning, open spaces and transportation. Professionally, I am the Business Director for a Chapel Hill educational non-profit called The Walking Classroom Institute. We are active with the Chapel Hill Chamber of Commerce and are growing in terms of the number of students we serve and the number of people we employ. I have an undergraduate degree in Mineral Economics from Penn State University, and an MBA from George Washington University. I live in Meadowmont with my two teenage children and my husband. I also serve on the Meadowmont Community Association and act as the Treasurer for that organization.

I am passionate about making it easy for people to walk and bicycle in our town, wisely preserving green spaces as we grow, and connecting different areas of town via rational public transportation and road construction. I think there is tremendous potential for some interesting new development in Chapel Hill and I would like to be a part of that process. Therefore, I am most interested in the Planning Commission, the Transportation & Connectivity Advisory Board and the Greenways Commission.

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

Every day I interact with the residents of Chapel Hill I am reminded of the love and gratitude I have for this community. The spring days where I enjoy the beauty of the outdoors and the winter coffee breaks at the local shops are pieces to the memories that I have collected since my time in Chapel Hill.

I am graduating this year but my plans are to stay in the area and continue to contribute back for the priceless experiences I have been a part of. My interest in the Planning Board and the Board of Adjustment are rooted in the passion for growth and prosperity for society. During my undergraduate studies I majored in Public Policy and have taken an avid interest in government oversight, regulation and deregulation, along with economic development. It would be an honor to officially be able to have an input in the future of the Chapel Hill community that has given so much to thousands of students such as myself.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

My job is in Sustainability, specific to community sustainability, and my expertise is broader than that. I've been going to conferences like Congress for the New Urbanism, Green Build, New Partners for Smart Growth, etc for over a decade and I am full of ideas and concepts that I wanted to apply in my town, to make it better - for quality of life, economically, resilience, and doing our part on climate change.

I hope I've done a good job on doing this in my first year + on the Board. But now I have a record on which you can judge me.

Personal Statement

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

When I returned to Chapel Hill, after having been a graduate student a number of years ago, I committed to becoming an active participant in Town affairs and making a positive contribution to helping Chapel Hill become even better than it already is. Toward that end, I now serve as Chairman of the Transportation Board; I serve as a member of the Friends of the Downtown and Chapel Hill-Carrboro Chamber of Commerce Boards; I am a member of the Rosemary Imagined Project Team; and I am the past co-Chair of the Central West Steering Committee. I was also an active participant in CH2020.

I am now applying to serve as a member of the Planning Commission as I believe that the knowledge that I have gained through my recent service and the skills I have developed in my business career will be useful as the Commission deals with many important and challenging issues in the coming years.

There are two development agreements being considered by the Town Council. Others are possible. Planning Commission advice can and should be helpful with the Council's deliberations. The Downtown Master Plan, inclusive of the work that comes out of Rosemary Imagined, will be reviewed in the coming months. The Ephesus Road-Fordham Blvd. Renewal effort is likely to require attention. Several CH2020 Future Focus Areas remain to be addressed. And there is the ongoing stream of more routine development projects and re-zoning requests that the Commission will need to review and then provide its advice to the Council.

As noted earlier, I believe that my commitment to the Town, my prior and ongoing service, and my business and analytical skills will enable me to make a real contribution to the important work of the Planning Commission. The next several years will be critical ones in determining our Town's future and I wish to help in charting a sustainable and successful course for it. I hope that I will have the opportunity to do so.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

I'm concerned at the path that town planning is taking. We're on a road to gentrification not because we have let in too many outside businesses or allowed too much development but because our zoning laws are too restrictive to allow us to grow in a sustainable way. I'd like to join the Planning Commission in order to address this. I'm also interested in the Housing Advisory Board because, though the consequences of this unsustainable development will be felt in many areas, the most immediate effect will be to force out long-term residents. A proper approach to housing policy which addresses the supply shortages we face will not only allow the communities that have grown here over the decades and centuries to remain but could also address the issue of homelessness in the most direct way possible, by making housing available to those currently without it.

I have been a resident of Chapel Hill for two years this May and with Bryan Properties. Bryan Properties developed Southern Village and is where I call home. I am currently working as the property manager for the commercial district as well as a manger of the Lumina Theater. Development and design have always been a passion of mine and I love how Chapel Hill is growing. I see this as a great opportunity to help preserve the Town's beauty by working with members of the community and elsewhere who bring projects before the Town for review and approval. These projects could be the renovation of a current building or façade on Franklin Street to new upcoming projects such as 123 West Franklin and the Ephesus Fordham area. The initial square foot numbers of these new projects may alarm neighbors and community residents, but I think with proper planning and design these projects can be attractive and be thought of as an asset to Chapel Hill.

I look forward to meeting with members of the council to further explore this opportunity to serve community.

Thank you,
Dixon

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I wish to serve on the Town of Chapel Hill Planning Commission because after being a resident of Chapel Hill for less than a year, I have come to appreciate both the town's many strengths and some of its weaknesses. I would like to see the University of North Carolina at Chapel Hill and the Town of Chapel Hill to continue to strengthen their relationship in the coming years, and would be very excited to be given an opportunity to help further solidify this essential partnership. Based upon my experiences thus far, and the skills which I have obtained from them, and as a student at the University of North Carolina at Chapel Hill who will be able to fully serve a three-year term, I feel confident that I would be able to positively contribute to this commission.

I wish to serve on the Town of Chapel Hill Housing Advisory Board for all of the same reasons listed above.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Subject: Sam Pranicoff address

Jennifer,

Again, my apologies for the delay with my residence information.

This past year's address:
411 Skipper Bowles Drive
Horton, Room 112
Chapel Hill, NC 27514

Current address (next academic year):
281 Raleigh Street
Connor, Room 212
Chapel Hill, NC 27514

As for the other information you requested such as what I would bring to the respective councils, I'm still working on this and will have it to you soon. Is there a specific date by which you need this?

Also, you said during our first conversation that the Housing Council's interviews take place on the 28th. When do the Planning Committee's take place? I'm extremely excited for this opportunity and appreciate your help.

Best,
Sam Pranicoff

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

This spring, I'll be completing my first three-year term on the Planning Board and would very much like to continue my service into a second term.

The next few years will see Chapel Hill making many important decisions about how we grow, change, and implement the 2020 plan, and I'd like to play my part in helping us make the good choices that will insure a sustainable and prosperous future. I hope I'll have the opportunity to use my experience (six ~~years~~ years on the CDC, co-chair of the Central West press, and three years on the Planning Board) to continue to serve Council and the people of Chapel Hill.

Amy Ryan

I have become very involved over the past year in trying to improve the Ephesus-Fordham redevelopment plan. In this course of this work I have attended many Planning Commission and Council meetings, learned about the development review process, and in general learned about the various development-related challenges the Town faces. I have found this work interesting and rewarding, and I would like to serve on the Planning Commission to help Chapel Hill grow and change in ways that preserve the Town characteristics that I and many residents greatly value.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

I have served on the Transportation Advisory Board since 2011, and am interested in being considered for a new term on either the newly configured Transportation & Connectivity Advisory Board or the Planning Commission.

I joined the T Board to help Town leaders expand the economic base of our community in a thoughtful and planned way through development of the necessary transportation services and infrastructure. Our Board has provided constructive input into critical initiatives, such as Chapel Hill 2020, the Regional Light Rail plan and the Central-West blueprint, among others. We also helped improve the transportation features of many important development projects, which promise to improve safety, efficiency, and quality of life in our community.

Serving on the T Board has been a rewarding experience, and I've enjoyed using my business management and strategic planning expertise to help Chapel Hill remain a great place to live. I'd welcome the opportunity to continue serving in some capacity.

I appreciate your consideration.

Regards,

Mark A. Stanton

As a student, and member of the community, I feel that one of the best impacts I can make would be to fully engross myself in the happenings of the town. I would love to see Chapel Hill thrive even further, and would make sure to bring a fresh perspective on regarding matters. I feel as though there is animosity between the community members and the students, and I am willing to bridge that gap.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Chapel Hill is a great town to raise a family, retire to or be a millennial. All of the reasons to choose our town as one's home are the same forces that require careful consideration and reconciliation of issues that may appear, at times, to be in conflict. Optimistic leadership is required to maintain the quality-of-life desired by the citizens of the town as it evolves in an area attracting many new residents.

Current strains on the town are predictable and could be recognized at the time our family choice Chapel Hill as our home. Discussions about the consequences of commercial development circling the town with a center of government-owned facilities were part of dinner conversation amongst international urban planners educated at UNC while we were living overseas. Engaging in economic development while being the source of funding provides me with a background to recognize the issues in creating a vital and diverse commercial tax base while maintaining a desirable residential neighborhoods.

My goal is to provide thoughtful discussion to promote solutions to the needs of our town.

I understand

If appointed by Council, I would need to sign an ethics statement and possibly take an oath prior to serving on a Town of Chapel Hill advisory body.

Jennifer -

I am interested in being the real estate agent on the Housing Board as well as the Housing Board representative to the Planning Board.

Currently, I am on the Board of Carolina Friends School which meets on the third Thursday of the month 6-7 times a year.

I recognize that all Planning Board meetings are important but would miss some of the 3rd Thursday meetings. For very important meetings, I could miss a CFS Board Meeting to attend a Planning Board meeting.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I have served on the Town's Sustainability Committee for the past 3 years (the last year and half as Chair). I also participated in the Chapel Hill 2020 process in the Community Prosperity and Engagement theme group. I enjoyed these experiences and would like to continue serving the Town in a capacity that allows me to learn and offer my expertise and experience in a way that helps Chapel Hill grow and improve. I have 15 years of experience as a project manager in the design and construction industry. I hold professional degrees in Architecture, Engineering, and also earned an MBA (Business). I am a LEED Accredited Professional with a specialty in Building Design and Construction (LEED AP BD+C) from the US Green Building Council. I am an Adjunct Faculty member at Central Carolina Community College in the Sustainable Technologies curriculum. Through service either on the Planning Commission or the Transportation and Connectivity Board, I hope to contribute to the vitality of Chapel Hill, expand upon its strengths, and improve upon its weaknesses.
