#### PARKING FUNDS

#### Major Revenue Sources - Descriptions and Estimates

The Town budgets parking-related revenues in two funds: the Off-Street Parking Fund and the On-Street Parking Fund.

The Off-Street Parking Fund, with an adopted budget of \$1,475,780 for 2009-10, accounts for revenues from the James Wallace Deck, the Craig Lot and five other parking lots in the downtown area. Revenues consist almost exclusively of the fees charged for parking in these lots. About \$651,000, or 44% of total off-street parking revenues, is budgeted from the James Wallace Deck and about \$465,000, or 31%, is budgeted from Lot 2 at the corner of Rosemary and Columbia Streets. Construction of a mixed use development on the Lot 5 site is slated to begin after July 2009. As a result, the Town expects reduced annual revenues for Lot 5 totaling about \$149,000.

# James Wallace Deck 44%

Off-Street Parking Revenues

Other Income Other Lots

Replacement parking during the period of construction is under consideration, and we are reflecting modest increases in other parking in anticipation of the closing of Lot 5.

The On-Street Parking Fund, with an adopted budget for 2009-10 of \$650,000, has two major revenue sources: parking meter fees and parking ticket fines. Meter fees are estimated to generate about \$273,000 and parking ticket fines about \$372,500 in 2009-10.

#### Major Expenditures and Estimates

The primary expenditures of the Off-Street Parking Fund include the costs of personnel to manage the lots (approximately \$377,000) and payments for principal and interest on the James Wallace Deck and other lots.

The adopted budget includes a 17.1% increase in medical insurance. The budgeted revenues will yield a reserve of about \$252,000 for use on construction or other initiatives as they are developed.

The On-Street Parking Fund includes expenditures primarily for the personnel to administer and collect meter revenues and parking tickets, about \$317,000. The budget of \$650,000 includes an increase in medical insurance and a transfer of about \$145,000 to the General Fund.

# PARKING SERVICES BUDGET SUMMARY

The Parking Services Fund is comprised of two divisions: On-Street Parking that accounts for meters and enforcement and Off-Street Parking that accounts for the parking deck and lots.

## OFF-STREET PARKING BUDGET SUMMARY

The adopted budget for Off-Street Parking for 2009-10 reflects a 5.9% increase in revenues overall. However, revenues for Lot 5 are expected to drop in response to the Lot 5 Development Project, which is anticipated to begin in 2009-10. Expenditures also increased from the previous year, reflecting debt service payments toward outstanding debt on the Wallace Deck and other lots. The adopted budget also includes a medical insurance increase of 17.1%, reflected by the increase in administration expenses.

## PARKING TRENDS

**COUNCIL SERVICE GOAL:** Provide fair, effective, efficient, and prompt customer service.

**DEPARTMENT GOAL**: Issue citations that enforce parking regulations adopted by the Town Council.

**OBJECTIVE**: Maintain an average collection ratio of 90% or better.

In fiscal year 2008-09, the Parking Services Department met and exceeded the established goal of maintaining an average collection ratio of 90% or better. The high collection rate can be attributed to persistent collection efforts, including booting, towing, and an out-of-state owner retrieval procedure. The collection rate is also an indication of fair and effective customer service, as less than 5% of citations were voided on appeal.
