September 6, 2017

Mr. Roger Stancil
Town Manager
Chapel Hill Town Hall
405 Martin Luther King Blvd.
Chapel Hill, NC 27514

Dear Mr. Stancil:

Pursuant to Section 5.27.1 of the Carolina North Development Agreement, I am transmitting herewith an electronic file of the University's Annual Report on Carolina North activities for posting on the Town's Carolina North website. In accordance with Section 5.27.2 of the Development Agreement, this report presents data on activities that occurred between July 1, 2016, and June 30, 2017. This report, we believe, demonstrates the University's good faith compliance with the terms of the Development Agreement through June 30, 2017. We will present the information from this report at a Public Information meeting on September 14, 2017 at 5:30 pm in the Room 100A, Giles Horney Building located at 103 Airport Drive, Chapel Hill, NC.

Sincerely,

Anna Wu
Associate Vice Chancellor &
University Architect

2017 CAROLINA NORTH ANNUAL REPORT

REPORTING PERIOD: JULY 1, 2016-JUNE 30, 2017

Prepared by UNC-CH Facilities Planning & Design

8/31/2017

I. 2016-2017 Activities to Report

A. Housing

Units constructed: None.

Estimated number of residents living in Carolina North Housing: None.

Estimated number of Full Time Equivalent employees working on site at

Carolina North, as of June 30, 2016:

- 1 FTE employee at Horace Williams Airport
- 2 FTE employees at Carolina North Forest Management office
- 7 FTE employees at the Chapel Hill Police Department substation
- 2FTE Grounds Department employees
- 9 FTE Housekeeping Department employees

B. Parking, Traffic and Transit

Report on parking provided vs. baseline parking ratios: The University has not constructed any new facilities, nor provided any additional parking during this reporting period. The Chapel Hill Police continue to have nonexclusive use of parking adjacent to their leased building.

Current status of transit planning for Carolina North Project and coordination within Short Range Transit Plan process: The Town and the University continue to work on several transit planning efforts that will impact access to Carolina North. The Orange County Bus and Rail Investment Plan, funded in part by a half-cent sales tax approved by Orange County voters, supports development of light rail transit between Orange and Durham counties,

as well as other transit system enhancements throughout the County and Chapel Hill. The Chapel Hill Transit Partners have agreed upon the use of portions of the increased funding received by Chapel Hill Transit, including additional services that have been implemented since August 2013. The North-South Corridor Study is analyzing bus rapid transit options along Martin Luther King, Jr. Boulevard and US 15-501 South. The transit improvements being analyzed, if funded, would serve Carolina North. A locally preferred alternative was selected by the Chapel Hill Town Council on April 27, 2016, and the project is advancing to the next level of study, Preliminary Engineering/Environmental Review, beginning this fall. Additional information on the study can be found at: <http://nscstudy.org/>

Coordination with Transportation Management Plan: Transportation Management Plan coordination was not required because the University had no development during the reporting period.

Short Range Fiscal Plan—Actions taken to address recommendations in the most recent SRFP: No activity to report during this period. The initial SRFP is to be completed in conjunction with the issuance of an initial site development permit.

C. Land Use and Activities in Limited Development Area

Chilled water, steam, electric ductbank, water and telecom lines: No activity on chilled water, steam lines, electric ductbank, water or telecom lines.

Reclaimed water line (with OWASA): No activity to report for this period.

Maintenance and improvements to existing utility lines: No activity to report for this period.

Stormwater lines and improvements: No activity to report for this period.

Stormwater structures: No activity to report for this period.

Public utility lines traversing site: No activity to report for this period.

Utility structures without a building (e.g., electrical substation): No activity to report for this period.

Alterations to utility equipment (generator, other mechanicals): No activity to report for this period.

- August 2016: Trail/stream crossing improvement on ‘Wormhole’ Spur by staff

Memorial gardens: No activity to report for this period.

Kiosks and benches: No activity to report for this period.

Incidental parking areas: No activity to report for this period.

Site furnishings (recycle containers, fixtures, blue lights): No activity to report for this period.

Support facilities for special events (Tar Heel Town, concerts, etc.): No activity to report for this period.

Demolitions: No activity to report for this period.

Landscaping activities: Between November 2016 and March 2017, staff and volunteers focused on mechanical removal of invasive *Elaeagnus* species in the Bolin Creek West Conservation Area; see CN Forest Activities Map for location.

Community Gardens: No activity to report for this period.

Miscellaneous activities: No activity to report for this period.

Community gardens: No activity to report for this period.

Miscellaneous:

- April 2017: The leased house located at 2311 Homestead Road was damaged by fire. The property disposition is pending University review.
- September 2016-January 2017: Working with Orange County, Town of Chapel Hill and NCDOT on an Orange County initiated project, the University funded the sidewalk extension that crosses the short section of Carolina North at Homestead Rd. The overall sidewalk project connected the existing crosswalk at Weaver Dairy Extension to the existing sidewalk located east of the Project Homestart driveway at 2505 Homestead Rd.

D. Land Use and Activities in Development Area

Chilled water, steam, electric ductbank, water and telecom lines: No activity for chilled water, steam, electric ductbank, water or telecom lines.

Reclaimed water line (with OWASA): No activity to report for this period.

Maintenance and improvements to existing utility lines: No activity to report for this period.

Stormwater lines and improvements: No activity to report for this period.

Stormwater structures: No activity to report for this period.

Public utility lines traversing site: No activity to report for this period.

Utility structures without a building (e.g., electrical substation): No activity to report for this period.

Alterations to utility equipment (generator, other mechanicals): No activity to report for this period.

Site storage and construction staging areas: No activity to report for this period.

Stream restoration projects: No activity to report for this period.

Greenways and other paved trails: No activity to report for this period.

Public art: No activity to report for this period.

Site clearing for any other purpose: No activity to report for this period.

Miscellaneous: In May 2016, the University removed a leased modular unit occupying a previously existing modular unit site within the former Town facilities area. This modular unit provided an interim location for the daycare portion of the UNC Medical School affiliated UNC Horizons Program.

E. Greenways

Report on examination and recommendations for a greenways partnership model comparable to public transit partnership: No activity to report for this period.

Report on potential locations and funding alternatives for campus-to-campus greenway and bike connection: No activity to report for this period.

Current status and funding of greenway connections at Carolina North (after greenways plan submitted with initial individual site development permit):
No activity to report for this period.

Greenway improvements and document compliance with 5.16.14: No activity to report during this period.

Report on consideration of pedestrian connections to adjacent neighborhoods: No activity to report during this period.

F. Waste Management

The University currently provides trash and recycling services for all University-owned buildings, including buildings at Carolina North, and a number of leased properties. The recycling program covers a variety of materials and is continually evaluated for improvement and expansion. A representative from the University Office of Waste Reduction and Recycling is involved in project reviews and helps identify waste reduction, reuse, and recycling opportunities. Specifications detailing University and regulatory requirements regarding construction waste management and reporting are to be included in each project manual. Project teams educate contractors about University, local, state and project-specific

requirements; review and suggest changes to contractors' Solid Waste Management Plans; and collect waste reports from participating projects. Future construction projects and finished buildings will be managed and supported similarly. No fiscal impacts on the Town have been noted and waste management strategies have not been amended.

G. Recreation Areas

Study of feasibility and cost-sharing options for future joint-use recreation areas at Carolina North: No activity to report for this period.

Description of improvements for recreation areas and document compliance with 5.15.5: No new recreational facilities or recreational areas were developed on the Carolina North property during the 2016-2017 fiscal year. The use of the Carolina North property for recreational purposes continues to thrive as residents of Chapel Hill, Carrboro and surrounding communities, make frequent and extensive use of the University's network of trails on the Carolina North property. Over 25 miles of trails are woven through the Carolina North Forest. The University, through its Forest Management Office Staff, facilitates cooperative use of the network of trails in the Carolina North Forest for the benefit of local schools, community organizations, and individual residents of Chapel Hill, Carrboro and the broader community.

H. Stream Buffers

No activity to report for this period.

I. Tree Canopy

The University is committed to proactive management of the Carolina North Forest and strives to maintain or increase the overall tree canopy of the tract. In the last year, canopy maintenance activities again focused on the removal of exotic, non-native, invasive or otherwise undesirable species to promote natural growth of the native canopy. As construction projects are planned, staff will assess the potential impacts on tree canopy with the objective of offsetting any loss in canopy.

II. 2017-2018 Development Schedule

The Field Operations Building and UNC Housekeeping modular unit are expected to remain at Carolina North through calendar year 2018. The University will continue to use the Field Operations Building to address appropriate campus space needs after UNC Housekeeping moves to their permanent location. Furthermore, the University will reexamine whether these needs require the continued use of the two modular building sites used by UNC Housekeeping and the temporary Horizon's Child Development Center on an annual basis.

In spring 2018, the University will install a solar and energy storage demonstration project within the boundary of the Development Area. This 491 KW ground-mounted PV array and associated equipment and batteries will be positioned southwest of the existing Horace Williams Airport runway, inside the fenced area and adjacent to Estes Drive Extension. This utility project is intended to be movable in order to accommodate future University development as permitted by the Development Agreement. Currently,

the University does not have immediate plans for additional development in this area that would disrupt the solar demonstration project.

A. Public Information Meetings held

- 9/12/2016 - UNC Semi-Annual Capital report to Town Council and Manager's compliance report to Town Council on Annual Report.
- 10/29/2016 - TOCH Annual Report Public Information Meeting.
