From ride-sharing to virtual reality, Launch Chapel Hill's spring cohort is diverse mix

LAUNCH CHAPEL HILL SPRING COHORT

by Chantal Allam - February 11, 2019.

CHAPEL HILL - Launch Chapel Hill recently celebrated its 2019 spring cohort at its downtown headquarters.

More than 40 companies applied for the 10 spots in the business accelerator program designed to turn early-stage businesses into self-sustaining enterprises - in just 16 weeks.

Here's a look at what's in store:

- **blockciti** is a royalty-based social platform where users to earn rewards for their network contributions.
- **Cadre VR** is a virtual reality media company specializing in 3D 180-degree and 360-degree video content. The company creates narrative VR films as well as VR social media marketing services.
- **City News Beat** is a nationwide, local news network for connected television. In a hub and spoke production model, City News Beat applies trending topic data of local interest to produce daily video news stories from publisher brands consumers already know, delivering an updated, informative, binge-worthy local news experience on Roku, Apple TV, Amazon Fire and Samsung TVs.
- **Everywhere Ad** is a rideshare advertising platform for small businesses. Everywhere Ad pays Uber and Lyft drivers to market small, local businesses to rideshare passengers through a mobile advertising platform, allowing drivers to

Bringing welcome at ULI Carolinas Meeting (750 in attendance)

A CONFLUENCE OF INNOVATION AND OPPORTUNITY

The Gwendolyn, Glen Lennox's first office, will offer 106,000 square feet of modern office space amid a potential one million square feet of surrounding Glen Lennox spaces. The Class-A office space will be a new center of creativity and commerce.

- Preparing Agenda item to be presented to Council
- Working with Grubb Property staff to develop marketing
