

Booker Creek Working Group

January 10, 2022 Agenda

6-8 pm

Desired Outcomes

What would we like to see accomplished as a result of this meeting?

- Better connections with the large group
- Continued information gathering via presentations from staff members and Michael Dupree
- Group conversations to explore targeted questions related to presentations

What guiding questions would we like to address in response to the Mayor's charge to the working group?

1. What ideas are promising and worth further consideration for our recommendations?
2. What additional information do we need to help us develop our recommendations?
3. How can we improve and evolve the organization of our meetings to help us be successful?

Agenda

please note: there will be a 5 minute break around 7 pm

Roll call & Announcements (10 minutes)

Recap of December 6 meeting (5 minutes)

Presentation: Staff members and the Stormwater Management Program Master Plans (30 minutes)

Focus: Staff members will present on the ten program goals from Stormwater Management Program Master Plans and which programs address each one of those goals.

Q & A (10 minutes)

Presentation: Michael Dupree (15 minutes)

Focus: Michael will share his experience with reaching out to property owners in Durham to assist them with good stormwater management practices and the funding sources he developed for the program.

Q & A (10 minutes)

Discussion (25 minutes)

Working group members will have the opportunity to explore the guiding questions related to the presentations.

Public comment (10 minutes)
