Project Description: In October 2022, the Mayor formed the Legion Property Committee (LPC) to discuss key interests and make high level recommendations to the full Council about the future use of the property. The LPC met in October and November to form their recommendations. The LPC recommends:

- that the Town retain ownership of the entire property
- combining approximately 27 acres of the property with Ephesus Park (an additional 11-12 acres) for a Town park
- designating 8-9 acres for affordable housing fronting on Legion Road

The LPC also recommends evaluating the relocation and/or reduction of the existing pond, and establishing next steps in the planning process for the future uses. The Town Council is scheduled to discuss these recommendations at their regular meeting on December 7, 2022.
