

Public Information Meeting **Inclusive Playground and Splash Pad Feasibility Project**

This meeting will take place in person at Hargraves Park Community Center. Please visit the Town's Calendar for more information <https://www.townofchapelhill.org/Calendar>

Meeting Date: Thursday, December 15
Meeting Location: Hargraves Community Center
216 Roberson Street, Chapel Hill, NC 27517

The community is invited to join a Public Information Meeting at the Hargraves Community Center, 216 Roberson Street, Chapel Hill, NC, on Thursday, December 15, from 5:30-7:00 p.m. to learn more information and share ideas on an Inclusive Playground and Splash pad Feasibility Assessment Project.

Project Description: The Town of Chapel Hill Parks and Recreation Department desires to enhance and expand the recreational opportunities available to Chapel Hill residents. We also recognizes the opportunity to attract visitors to the community with distinctive aquatic attractions and inclusive playgrounds.

The Town is interested in developing a splash pad facility and an inclusive playground that are unique, sustainable, aesthetically pleasing, safe, and accessible for all.

The Town's Parks and Recreation Department staff is working with representatives from Coulter Jewell Thames, now an affiliate of Thomas & Hutton to prepare a Feasibility Assessment to help guide our decision making for considering an Inclusive Playground and a Splash pad at one or more of the following locations, Chapel Hill Community Center Park, the Hargraves Park, Homestead Park and Southern Community Park.
