Meeting recaps will be shared on the Athletics page at www.chapelhillparks.org.

Next Meeting TBD.

Teen Center: The contractor has finished the repair work, and project team members will meet this month to discuss moving back into the center at its reopening to the public.

Greenways, Sidepaths, and Parks Projects Progress: Following are brief updates. Commission members should contact the staff if they have questions or comments.

Bolin Creek Greenway Umstead to Estes Drive Extension Planning, Community Engagement and Design Project: \$500,000 American Rescue Plan Act funding is in place. The Transportation Planning Division manages this project, which will be planned in conjunction with the Estes Drive Extension Project.

Fordham Boulevard Sidepath Project: Bids have been received for the renovation and extension of the Fordham Boulevard Sidepath Project. The bids are over what is allocated for this project, so the project team is working with our Business Management Department and Senior Management to review options for additional funding.

This project will provide a multi-modal path along Fordham Boulevard between Cleland Drive and Willow Drive. It is divided into two segments. The southern portion between Cleland Drive and Ridgefield Road involves upgrading the existing asphalt section to concrete. The northern part consists of constructing a new path between Ridgefield Road and Willow Drive along the eastern side of Fordham Boulevard.

Hargraves Park: Award of the \$509,923 construction contract to Salisbury and Moore Construction, Inc. for resurfacing the three Tennis Courts at Hargraves Park was approved by the Town Council as a consent item on May 24, 2023, *and is currently being reviewed and approved by Town Management.* Construction will commence in August, and work will be scheduled for 150 days.

Homestead Skate Park: \$500,000 in American Rescue Plan Act funding is in place for the skate park repairs. Staff is working with Procurement Team members to award a contract for the design. This work will also include obtaining community feedback.

Inclusive Playground Equipment @ Community Center Place: \$500,000 and System-wide Playground Accessibility (\$285,000) in American Rescue Plan Act funding is in place for this project. The staff has met with Procurement Team members to discuss the best options for executing this project and has received concepts from a playground manufacturer. A meeting is scheduled for August to review ideas and possibilities and the best method for moving forward with this project. This work will also include obtaining community feedback.

Teen Center Study: \$65,000 American Rescue Plan Act funding is in place. Staff is in contact with other parks and recreation agencies regionally and nationally about this project to learn about methods they have utilized for initiating a study and their lessons learned. Staff created a teen center study team that generated a survey to receive input from teens in the community. This information has been shared with high schools in the Chapel Hill-Carrboro City Schools for distribution and feedback.

Morgan Creek Trail Project

East Section: A contract to finish planning and preliminary design for the East Section of Morgan Creek has been awarded to McAdams, a planning, landscape architecture, and engineering firm. A kick-off meeting was held in June. Team members meet weekly with Transportation Planning, Engineering, Neighborhood Members, and Bicycle riders to review ideas and receive input for the greenway alignment and length. Public engagement will commence this fall.

West Section: A Request for Qualifications (RFQ) for receiving qualifications for planning, landscape architecture, and engineering firms to finish the planning, preliminary design, and final design documents for constructing the West Section of Morgan Creek Greenway. The RFQ will be advertised this month and posted on the Town's webpage for 30 days. The award should be expected to occur in September.

Tanyard Branch Trail: \$200,000 in American Rescue Plan Act funding is in place for creating a trail connector to the Tanyard Branch Affordable Housing Project. Transportation Planning Division is managing this project.
