## PARKS AND RECREATION

### Your Park System

- **Parks:** Chapel Hill's urban park and open green space system is comprised of over 860 acres of undeveloped open space and 250 acres of designated parkland
- **Recreation:** A wide variety of indoor and outdoor programs and activities are offered for all ages, abilities and social backgrounds
- **Greenways:** Chapel Hill Parks and Recreation maintains a system of approximately 17.6 miles of urban greenways and trails.

### We are responsible for ...

- **Recreation Facilities:** operate and maintain a broad selection of recreation facilities including community centers, indoor gymnasiums, indoor and outdoor aquatics facilities, tennis and pickleball courts, multi-purpose turf and natural surface athletic fields, a rock climbing wall, skate park, dog parks, and two public plazas
- **Park and Landscape Maintenance:** maintain public right-of-way areas including arboriculture, urban forestry and downtown environments; athletic turf management; park maintenance; playground inspections; greenway and natural surface trail maintenance; and four cemeteries.
- **Administrative services and capital project planning**

### Did you know?

- Parks and Recreation is connected to three core areas as recognized by the National Recreation and Park Association (NRPA): Health & Wellness, Conservation, and Equity
- Public parks and recreation are the gateways to a healthier, more livable community
- Park agencies are also engines of economic activity in their communities
