Dear Ms. Axon,

This letter is in response to your letter, dated May 5, 2016, requesting that the Town of Chapel Hill conduct Phase II of the remedial investigation of the Chapel Hill Police Station property located at 828 Martin Luther King Jr. Blvd, Chapel Hill, NC. Although the Town is not a responsible party for the placement of coal ash on the site, we are the current owner of the property and we intend to comply with your request. We have engaged the services of Hart & Hickman, a registered environmental consultant, to assist us in this project and we anticipate submitting a draft Remedial Investigation Plan within the 90 day period requested in your letter.

Feel free to contact me if you have any questions or would like additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Lance Norris".
