

## WEEKLY GARBAGE COLLECTION

Household solid waste is collected once per week.

All trash, including pet waste, must be in tied, full size garbage bags and placed inside the garbage cart.

Sharp objects must be safely placed inside a puncture resistant container.

On collection day, place garbage cart behind the curb, away from mailboxes, and where a collector can conveniently get to it. Make sure that the cart placement does not create a hazard to pedestrians or traffic.

One 65 gallon garbage cart per residence is provided by the Town at no charge. Additional garbage carts can be purchased for \$60/cart.

For cart repairs or replacement, call 919-969-5100.

Carts can be cleaned with soap and water.

All solid waste and yard waste must be brought to the curb before 6 am on the collection day. Remove cart from the street by 7 pm on your collection day.

## YARD WASTE COLLECTION

- Small yard waste piles (less than a small pickup truckload) and yard waste that is containerized is collected once per week.
- Town yard waste carts are 95 gallons and are available for purchase for \$50. Carts wear out over time and residents must pay to receive a replacement cart. To order a cart or for cart repairs or replacement, call 919-969-5100.
- DO NOT USE PLASTIC BAGS FOR YARD WASTE.
- Loose leaves, pine straw, pinecones, twigs, hedge trimmings, grass clippings, and other small yard waste debris must be placed in Town yard waste carts, rigid containers, or paper bags in order to be collected. No dirt.
- Cut limbs to less than four (4) foot lengths.
- To prevent damage, do not overfill yard waste containers or bags with grass, wet leaves and/or heavy wood.
- Large logs, stumps and lot clearing debris cannot be collected. If the contractor or builder does not remove the material, it is the responsibility of the property owner.
